SHAHZAIB ALI

Flutter Developer

I'm Shahzaib Ali, a Flutter developer who crafts smooth, cross-platform apps with Dart and Flutter. I design clean, responsive UIs and build custom components that users love. I integrate Firebase backends and use Riverpod for rock-solid state management. From real-time data and file uploads to performance tuning, I deliver end-to-end mobile solutions.

Education

Intermediate
Aspire Group of Colleges
2022 - 2024
Hafizabad, Punjab

Bachelor's of Data Science
Virtual University of Pakistan
2024 - 2028
Main campus, Lahore

Skills

Skill	Level
Dart	●●●●●
Firebase	●●●●●
Api Integration	●●●○○
State Management	●●●○○
Payment Gateway	●●●●○

Experience

Junior Developer
Arsync Solutions   Currently Working

- Learned Flutter end-to-end by building three live apps:
- *VOS Mental Health* stress-relief app featuring Call or Chat sessions with helper or counseller
- *Real-Time Chat App* powered by Firebase Firestore and Riverpod state management
- *Habit Tracker* with daily workout progress or bad or good habit marks,
- Gained hands-on experience with Firebase Auth, Firestore sync, Cloud Functions and stripe payment gateway.
- Mastered Flutter Hooks for responsive widgets and Riverpod for rock-solid state.
- Deployed apps to both App Store and Play Store, and configured push notifications to boost user engagement.

Internee
Orion Techz   May 2024 - Oct 2024

- Learned Dart and Flutter from scratch, getting up to speed on widgets, layouts, and state management.
- Thrived in a collaborative environment, absorbing best practices for clean code, agile workflows, and app store publishing.
- Collaboratively implemented clean code architecture with Riverpod + Flutter Hooks, ensuring scalable, maintainable code.
- Gained hands-on experience with Firebase Auth, Firestore sync, Cloud Functions and stripe payment gateway.
